

Proposed Plan for Facilitation of Sal Seed Marketing in Orissa.

It is for the information that the Government of Orissa vides its resolution No3965 dated 2.3.06 has de nationalised sal seed w.e.f. the date of issue of order. Panchayats will now regulate the trade. In this process the traders required to have a registration with Panchayats on payment of Rs 100/- for procurement of sal seeds, and there is no royalties besides that no forest permit also required to lift the stock for both internal and external transport. The forest division wise potentiality of sal seed has been presented below.

If your agency is dealing with procurement, processing of sal seed please contact us for necessary co-ordination with primary collectors network. We request for your immediate reply on requirement and terms for trade in order to facilitate us to provide lively hood support to Forest dependent people on collection of sal seeds.

Name of Forest Division	Potentiality in M.T. in the year 2006
